KEEPING TRACK OF CHILDREN'S NEEDS

Children of to-day would soon find their mothers were when they were little. In children's clothing there have been many changes, but the needs of the child are the same. Comfort and convenience during the last decade. Doctors, nurses, experienced mothers have all lent a hand in solving the problems of children's apparel. There have been such a variety of needs even today, the demand of health, comfort, and style as there is in the shops to-day.

The careful mother will keep in touch with the world's progress. She will read the columns of THE BULLETIN.

In selecting her children's summer wardrobe she cannot afford to overlook anything for their comfort that she might easily procure if she knew just where it was to be had.

SENTENCE FOR BIGAMIST SCHWARTZ

Given From 3 to 4 Years in States Prison When He Pleaded Guilty in Superior Court at New London—Mystic Robbery Case Will Reach Jury Today—One of Accused Has Confessed.

The session of the criminal superior court at New London was occupied all day with the trial of the case of state vs. Fred Williams and Alexander Schwartz on the charge of robbing Christian Frolich of Mystic, but when one arrangement for the prosecution had been made, the continuation of the arguments was put over until today in order to allow Edward S. Schwartz, accused of bigamy, to be put to plea. He had previously pleaded not guilty, but on Thursday he changed his plea to guilty and was given a sentence of not less than 3 nor more than 4 years in state's prison. He came close to being sentenced to life in prison.

Thursday morning when the criminal superior court opened its session at New London, Fred Williams and Alexander Schwartz were placed on trial on the charge of robbing Christian Frolich of Mystic on April 26 of this year. A jury was drawn and trial of the case was started at 10 o'clock.

Frolich testified that on the night in question he was in Brunk's saloon in Mystic and about 10:30 started for his home. He described the men who he said before he realized what was happening. The two men came to beat him about the head and face.

He said he remembered nothing after that until the morning when he was taken to the hospital. He said he was assaulted when he was, and he identified Williams as the man who was with him when he was assaulted, saying that he did not see any of the others. Frolich had made a statement to the police that he was Miss Curtin was the only one to appear against Schwartz.
